Doug:

I was out yesterday so sorry for the delayed response to your email.

A brief meeting sounds like an excellent idea. Let me check with Don and I will set something up. Are you available this afternoon?

I will also check on the status of the minutes and agenda that are under review.

We did receive the December 2016 quarterly meeting presentations from the U.S. Navy and the Northrop Grumman. I have attached both of these presentations.

Thanks
Jason

 Potential follow up for March 1 2017 meeting-highlights from draft meeting notes for 12-14-16 quarterly coordination meeting.docx

Jason/Don

Just checking in before meeting next week.

Can you provide an update on the status of the minutes?

I don't recall having received the presentations from Navy and NG. Did you guys get copies?

Also, I just added some yellow highlights to the draft minutes over areas that I thought follow up might be required. Key thing would be for DOH to firm up Lloyds perspective he shared at the meeting and discussions between Navy and BWD legal on Plant 6 takeover.

Let me know if you guys would like to talk before the meeting (I am out of the office Thursday and Friday)

One other thing. We had a bit of movement here in our division. A few years back some RCRA sites and a few RCRA staff came into our division. In late January some of those sites and a couple of staff positions went back to RCRA. NWIRP stayed in our Superfund group, but the project manager, Carol Stein, went back to RCRA. As a result Lorenzo Thantu is taking over as the project manager. His section chief is Sal Badalamenti.

Thanks

Doug

Fine with me if you want to send them out.

As an fyi, Bob typically reviews them before they go out.

If you guys have any significant comments I wouldn't mind seeing them before the notes go out.

Typically we would send them out to all attendees after Bob, Jim and I were ok with the drafts. We would send them out as drafts and ask if folks had any comments.

Doug:

Thank you.

Mike Wolfert with Arcadis asked me about minutes from that meeting. Are you okay with me forwarding the minutes to Mike?

Thanks
Jason

Bob and Mike

I've attached the draft meeting notes from our 12/14/16 NWIRP-Northrop Grumman meeting.

I understand that you and Walter may have spoken about Grumman during the Gowanus meeting you had on Monday, but I have not had a chance to speak with him about the Grumman discussion. Walter likely mentioned that it looks as though he will be acting for Catherine as Deputy Regional Administrator and in that role would attend future coordination meetings. When I spoke with Walter last Friday he had suggested that we might want to have a call with you and Martin on Grumman at the beginning of the New Year. So, he may be reaching out to Martin and you about setting up a call.

I'll talk with you guys next year.

Merry Christmas to you and your families.

Doug
